

Bottom-Line Cost Savings With Robert Half

It's the overall cost of the project, not the hourly rate, that matters!

It's often more efficient to hire a specialised temporary/contract financial professional from Robert Half than a lower-cost temporary from another firm. Why? Our ability to quickly match our skilled professionals with your requirements is unparalleled due to our in-person candidate interview and skills evaluation process, accounting and finance industry expertise, and cutting-edge technology.

Example:

Case A: A short-staffed company facing a heavy accounting cycle workload hires a temporary from another firm who, at a rate of \$49* per hour, takes 60 hours to complete the assignment.

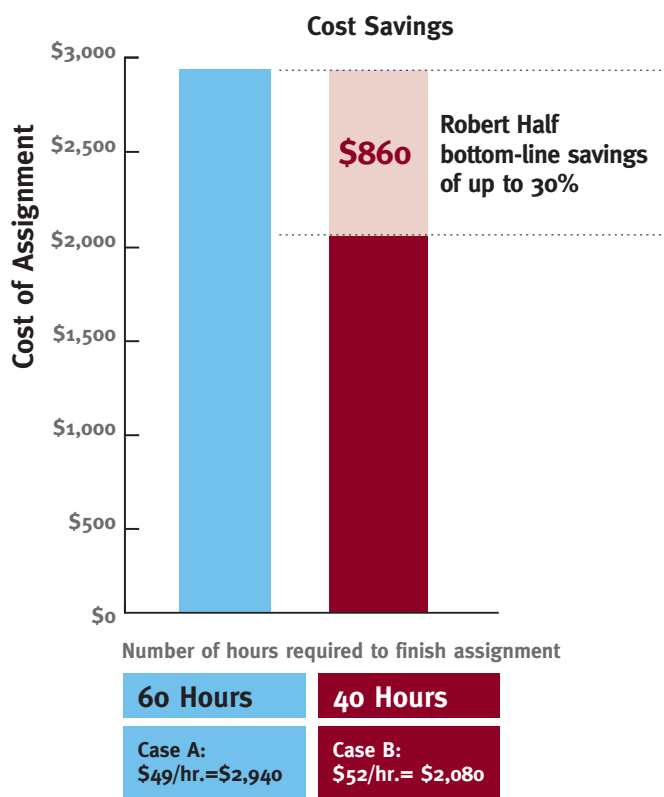

(Cost = \$2,940)

Case B: The same company hires an experienced Robert Half financial professional with skills well-matched to their requirements, who, at a rate of \$52* per hour, is available immediately and takes only 40 hours to complete the assignment.

(Cost = \$2,080)

Result: The Robert Half professional in Case B will bring a greater degree of competence and experience to the assignment, thereby increasing a company's productivity and bottom-line savings.

* Rates may vary depending on position criteria, geography and level of experience required.

Robert Half is the world's first and largest specialised financial recruitment firm. Contact Robert Half today for a cost-effective staffing solution to your workload needs.

Robert Half

Your Cost-Effective Staffing Partner

Don't just take our word for it – read what some of our clients and candidates have to say about our service.

“Robert Half has provided a number of contractors to us over the last few years. What has been a particular strength and benefit to our company is the time taken to understand the requirements of the finance department and more importantly, become aware of the team dynamics. The staff at Robert Half has also taken a personal interest in the individuals placed, and the team as a whole, and continue to put forward quality candidates.”

Financial Controller

“We use Robert Half because they understand our business and assist us in finding the right candidate. They are professional at all times, honest in their assessments and share our values in being concentrated on the customer at all times.”

General Manager – Operations

“Very efficient service, the consultant understood my strengths and weaknesses and had a range of positions for me to consider. I did not feel like I had been ‘shopped around’ just to make up the numbers to present to prospective employers. I would have no hesitation in recommending Robert Half for colleagues looking for accounting positions.”

Placed candidate

“I found the staff at Robert Half very easy to deal with. The process only took a few days from start to finish. I would recommend Robert Half.”
